Report

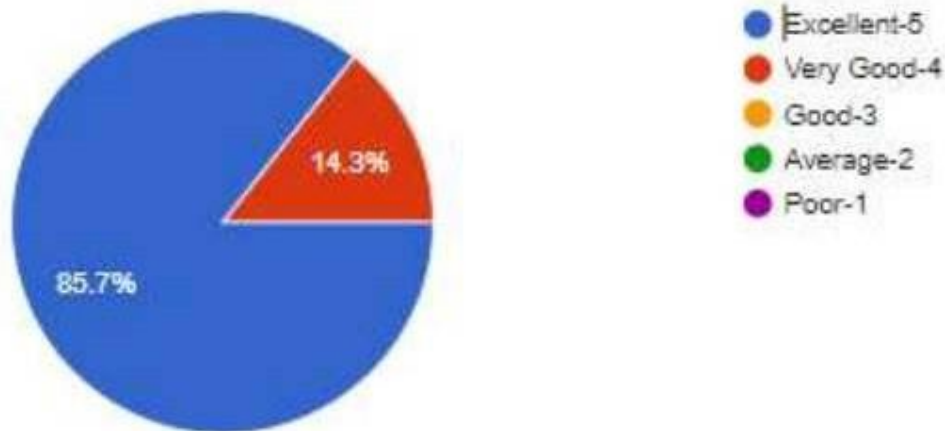

Analysis of Feedback given by Students and Action Taken 2022-23.

The following report is presented in the meeting of the IQAC dated 28.06.2023. The following decisions are taken on the basis of the data provided.

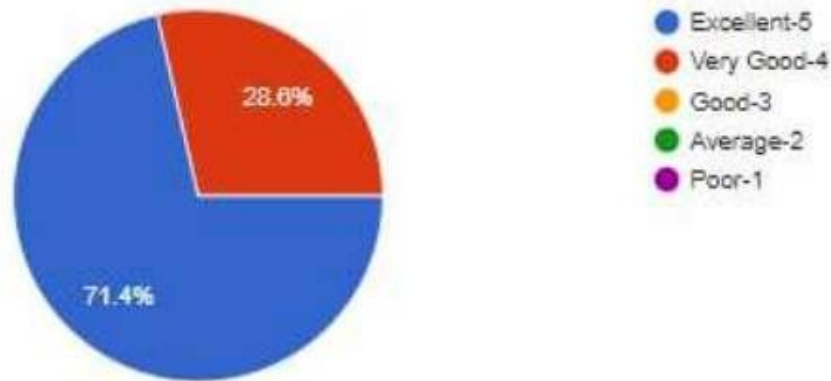

Type of Feedback: Students 2022-2023

- a. The following figures of analysis based on the response received from 118 students are presented in the said meeting of the IQAC.

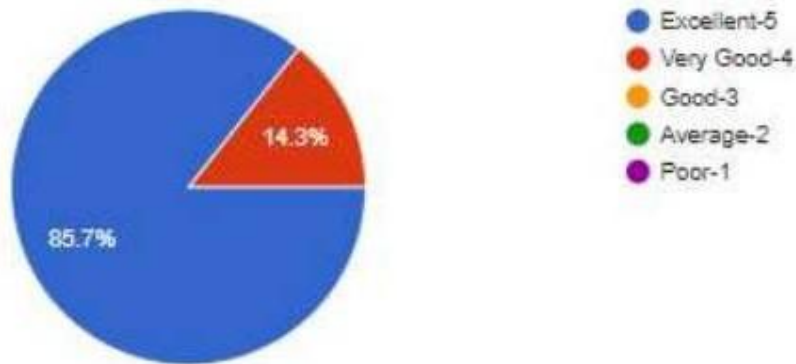

1. Security- The overwhelming response in the affirmative is a manifestation of the utmost full proof security the institution provides to its students.

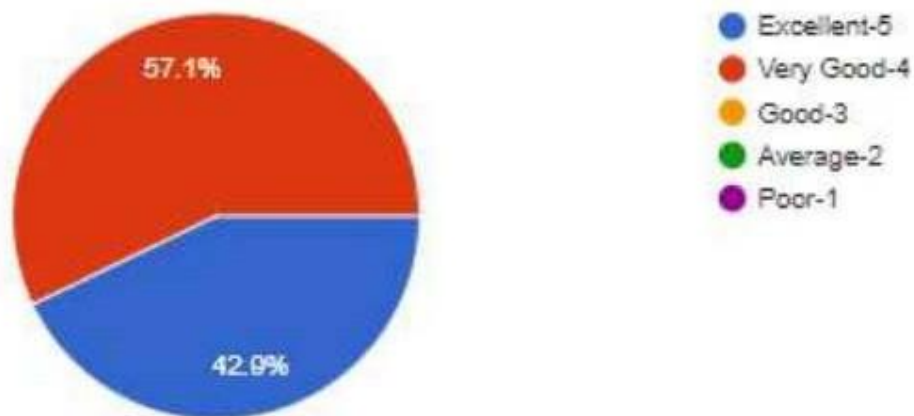

2. Discipline- That the institution attaches a supreme importance to discipline is evident from the Response

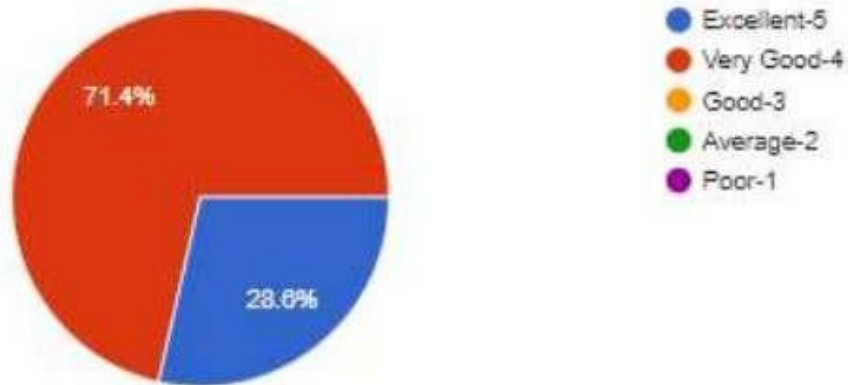

3. Quality of teaching- That the best quality of teaching is imparted to the students is evident from the response.

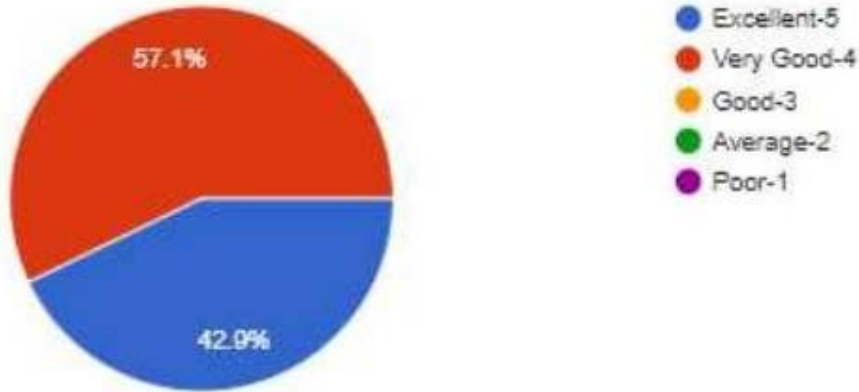

4. Extracurricular activities- The institution attaches great importance to various extracurricular activities. Such activities are undertaken throughout the year. The response justifies the above statement.

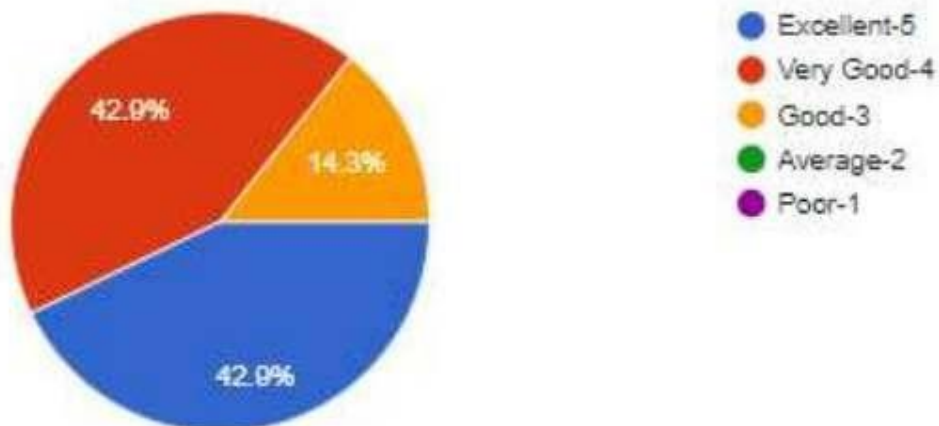

5. Campus atmosphere- That the campus atmosphere is congenial and in tune with the environment of any academic institution is manifested in the graph.

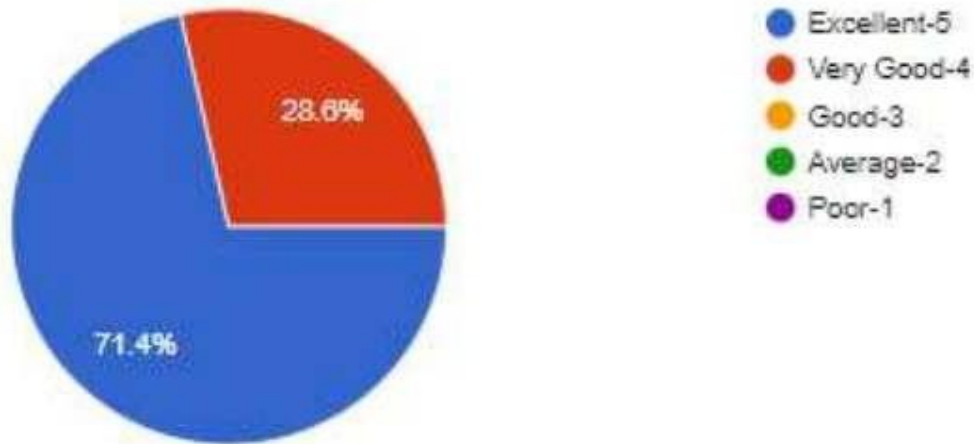

6. Sports facilities- The institution provides impressive sports facilities to the students. This is evident from the graph.

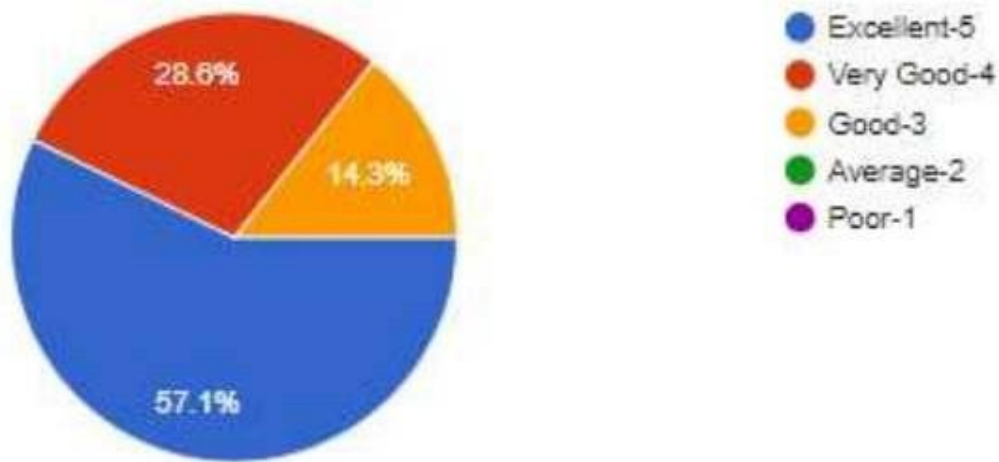

7. Laboratory facilities- The response to this question offers a mixed package. The underlying essence of the graph suggests that there is ample scope for improvement so far as laboratory facilities are concerned.

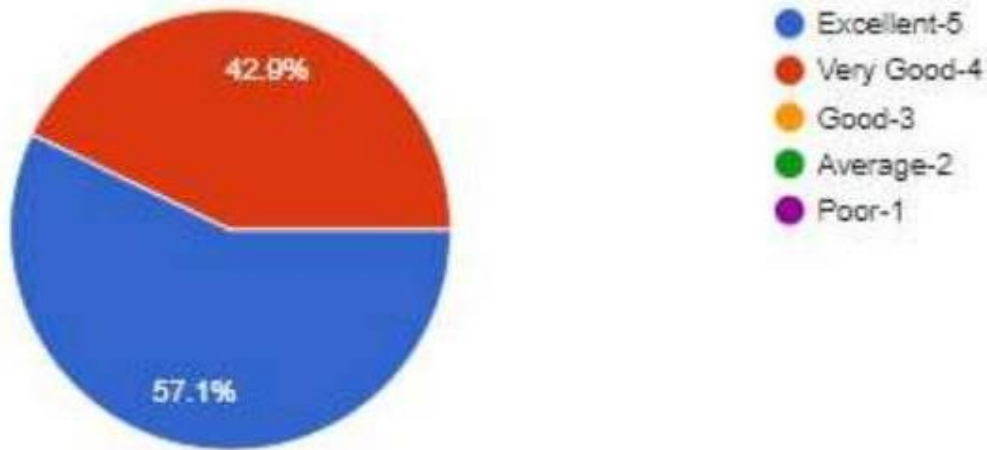

8. Examination system- The response of the students in this context is overwhelmingly positive, though it must be taken into account that the role of an affiliated college is almost peripheral in this regard since the parent University is the apex authority in framing the examination system.

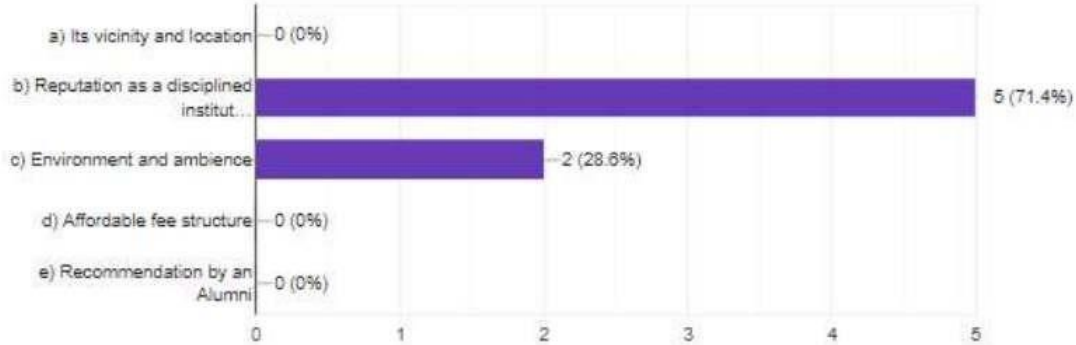

9. Students' amenities- The feedback offers a mixed package which is suggestive of the fact that there is enormous scope for improvement in this regard.

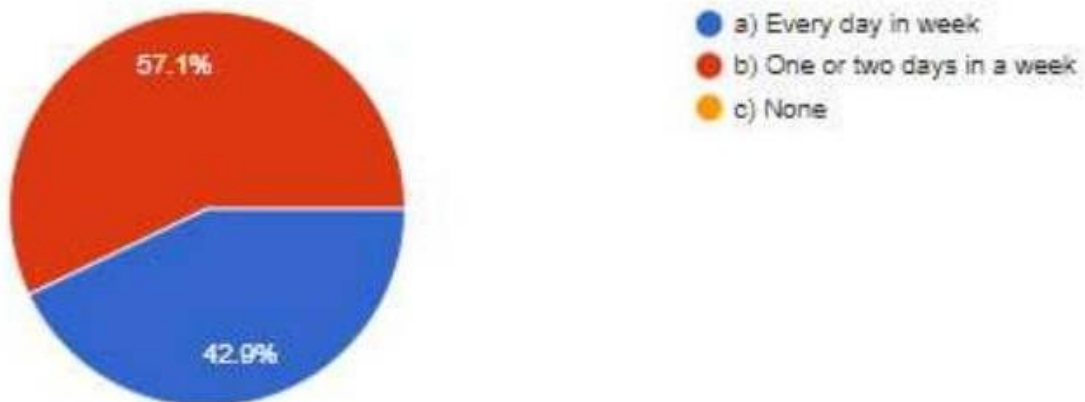

10. Seminar, Educational Tours- Post COVID period, 2022-2023 has seen a resurgence in organisation of these activities. The feedback is positive with some scope in betterment.

11. Choosing the institution- The overwhelming response in the affirmative suggests the standing of the department and the institution as a whole.

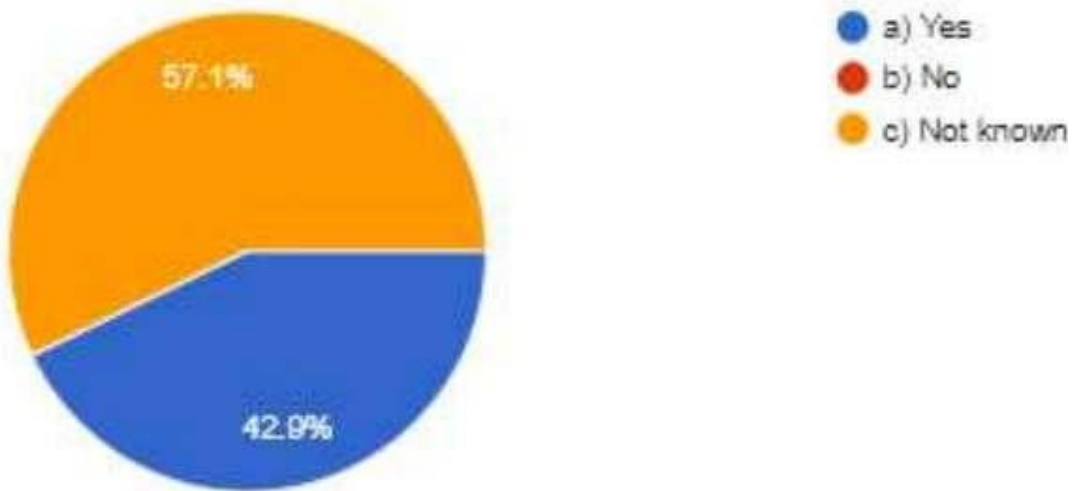

12. The response suggest that a sizeable chunk of the guardians do interact with their wards on a daily basis. However more involvement of guardians in the this regard is what we should aim at.

13. While above 42% of the guardians keep a tab on weather their wards' come to college regularly or not, 57% have confessed that they are not aware. The department would like to

increase interaction with the guardians and reason with them to show more interest in their wards' regular attendance in college.

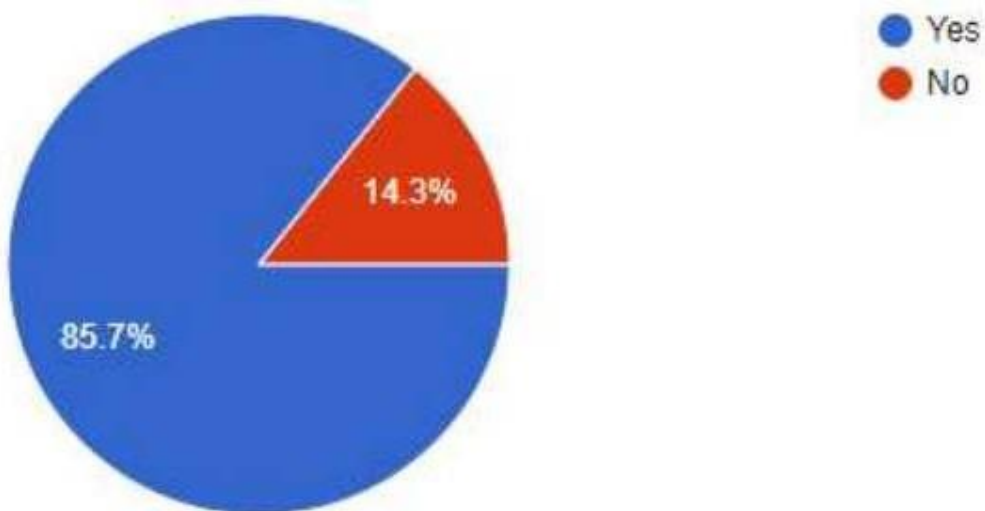

14. The response is a loud pronouncement on the reputation of the department and the college on the whole.

15. The response is a loud pronouncement on the reputation of the department and the college on the whole.

16. The feedback from the respondents suggests the positive perception among the guardians about the department and the college.
17. The overwhelming response suggests the seriousness of the department as well as the institution in steadfastly reaching out to the students in the virtual mode during the pandemic.

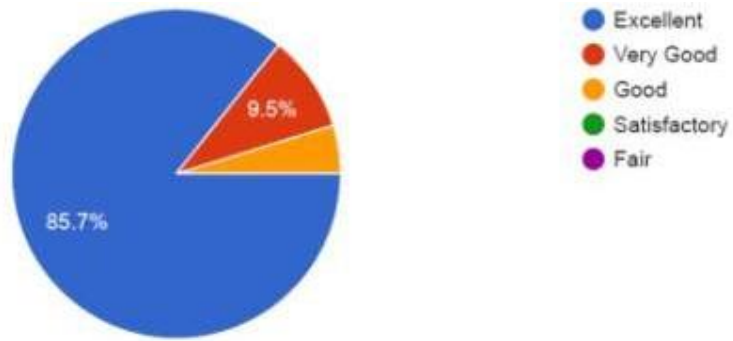

**The feedback on the whole is positive**
